

STATE OF VERMONT  
PUBLIC SERVICE BOARD

Docket No. 8634

Petition of SolarCity Corporation for a certificate of )  
public good, pursuant to 30 V.S.A. § 248, )  
authorizing the construction of a 4.9 MW solar )  
electric generation facility off of West Milton Road )  
in Milton, Vermont, to be known as the "Lamoille )  
River Solar Project" )

Order entered: 5/17/2016

**PROCEDURAL ORDER RE: RECORDS REQUEST**

At the technical hearing conducted in this proceeding on May 12, 2016, I advised the parties in this proceeding that I would pose specific questions to SolarCity Corporation ("SolarCity" or "Petitioner") regarding its dealings with Edward Robinson, the host landowner to the Project, in order to understand whether the nature of those dealings should inform the Public Service Board's consideration of the general good of the State under 30 V.S.A. § 248(a). In today's Order, I direct SolarCity to file responses to the following requests:

1. Please provide a copy of the lease agreement signed with Mr. Robinson and any subsequent modifications to that agreement.
2. Please describe any Project modifications made subsequent to the signing of the initial lease and how Mr. Robinson was informed of any such modifications.
3. In public comments, Mr. Robinson has expressed specific concerns regarding the layout of the Project, including concerns about limiting his access to the field opposite the Project location and access to the rock outcrop at the center of the Project site. Please state whether SolarCity has made any efforts to resolve Mr. Robinson's concerns and describe such efforts.
4. Please state whether SolarCity made any verbal commitments to Mr. Robinson outside of those items detailed in the lease agreement, and describe what those commitments were.

**So ORDERED.**

Dated at Montpelier, Vermont, this 17<sup>th</sup> day of May, 2016.
